The class covers basic commands such as sit, down, stay, come (recall), off, leave it, drop it, etc. We also cover loose-leash walking and waiting at the door. Each dog is trained according to their experience level.

Five rewards are utilized to train your dog: touch, treats, voice, loose leash, and play. This class will also deal with how to fix problem behaviors you might be experiencing. Socialization and working among distractions is a bonus of this class.

All levels are welcome (dogs that are more experienced will be trained at their level). Come and have some fun while you learn with your new best friend.
